

# The Sins of Black Adam

## Format: Story Path VO

### [VIDEO]

*Black Adam has brought the player along on his quest to free his wife's soul from the devil Neron. It features fun fights in a gothic, lava-strewn hellscape with new demons, devils, and Deadly Enemies.*

*I incorporated a unique feature: this story is "narrated" by a radio host, like it's an old-fashioned radio serial. This also has different lines for heroes and villains, which is always fun.*

### Free Moving

*(The player and Black Adam traverse the underworld.)*

**Billy Batson (radio narration):** Billy Batson, boy reporter for W.H.I.Z. Radio, recapping the events that led up to Kahndaq being claimed as a domain of the Lord of the Underworld: Neron!

**Black Adam:** My beloved wife, Isis, has been imprisoned by death for too long! No more chicanery, no more waiting. Today, I will set her free myself!

### Cutscene

*(Neron casually strolls towards Black Adam. A demon trails after.)*

**Neron:** It seems as though your quest to take a soul has awakened, well, Greed. A Deadly Enemy, to be sure.

**Greed:** Greed consumes!  
*(Greed attacks!)*

### Free Moving

*(Combat begins.)*

**Billy Batson (radio narration):** Undeterred, Black Adam and his ally fought the Deadly Enemy of Man: Greed! I don't think the blatant symbolism bothered him even a little bit!

*(players fight & defeat Greed.)*

### Cutscene (Heroes)

*(Neron approaches again.)*

**Black Adam:** Do you yield?! I will not stop!

**Neron:** Yield? Far from it. But, I thought perhaps we'd be better off making a bargain, a trade.

**Black Adam:** I came prepared to trade. This virtuous soul for hers.

**Neron:** A true rarity! But in my experience, a Virtuous soul is merely a Deadly soul who has not yet lived long enough.

### Cutscene (Villains)

*(Neron approaches again.)*

**Black Adam:** Do you yield?! I will not stop!

**Neron:** Yield? Far from it. But, I thought perhaps we'd be better off making a bargain, a trade.

**Black Adam:** I came prepared to trade. This deadly soul for hers.

**Neron:** This is your offer? A Deadly soul who would be mine soon anyway? Black Adam, no, no!

(Unsurprisingly, Black Adam's deal-with-the-devil backfires!)
